Executive Director,
RUDSICO, Jaipur

Sub:-Regarding Composite Water Management Index 3rd Round (CWMI 3.0).

Ref:-1. NITI Aayog DO letter dt. 13.11.2019

2. State Water Resources Planning Department letter no. CE/SWRPD/SI.
(WP)/Water Index/4245-4254 dt. 19.11.2019

With reference to above subject and referred letters Advisor, NITI Aayog requested to Secretary, LSGD to appoint a State Nodal Officer equivalent to Executive Engineer from RUDSICO for Composite Water Management Index (CWMI) in order to upload the state data on the portal prescribed by NITI Aayog and act as the single point of contact for coordinating with NITI Aayog and Independent Validating Agency (IVA) so that state data may be uploaded on the portal within time. As Composite Water Management Index (CWMI) is mainly related to your field of work i.e. waste water/treated waste water that's why you can provide important view/feedback on the existing Key Performance Indicators (KPI) and suggestion, if any at the earliest.

(Ujjawal Rathore)

Director cum Joint Secretary

Sub: Composite Water Management Index third round (CWMI 3.0)
Ref: NITI Aayog D.O letter dated 13.11.2019 (copy enclosed)

Sir,

As you aware that NITI Aayog has developed a Composite Water Management index as a tool to assess and improve the management of water resources. State water index related to CWMI-I and CWMI-II was prepared on the basis of information received from various departments of Rajasthan and already updated on the NITI web portal. Now NITI Aayog has invited states to collaborate in development of the third round of the CWMI (CWMI 3.0) with the reference year 2018 -19. In this exercise, NITI Aayog appreciate our views/ feedback on the existing Key Performance indicators(KPIs) and suggestions, if any, at the earliest, so that the same may be reviewed and incorporated prior to the commencement of CWMI 3.0. It is therefore, requested to send your views/ feedback on the existing Key Performance Indicators (KPIs) and suggestions, if any at the earliest.

In this regard, it is also requested to appoint a nodal officer for Composite Water Management Index (CWMI) for sharing data with undersigned, so that state data may be uploaded on the portal within time and act as the single point of contact for coordination.

Encl. As above

(Anarjeet Singh)

Dated: 13.11.2019

D.O. No. 11 (60)/2019-WR

Dear Sirs / Madams,

As you are aware that NITI Aayog annually develops the Composite Water Management Index (CWMI) which is a national tool for improved water resource measurement and management. It has created a culture of data-based decision-making for water management with emphasis on 'cooperative and competitive federalism'. The first round of CWMI, released in July 2018, tracked the water management initiatives of the states and helped to bring water security situation of India into the limelight. The second round of CWMI, released in August 2019, successfully carried forward the initiative of the first round, enhanced the key performance indicators (KPIs), saw an increase in participation as well as more active participation by the states and Union Territories (UTs), and recorded many more best practices followed in and around the world.

Rounds one and two of CWMI have cumulatively been a revelation of management of water resources by State Governments and the efforts of the Central Government in this regard. I would like express my gratitude to all the States for keenly participating in the first and second rounds.

Now, NITI Aayog would like to invite all states to collaborate in development of the third round of the CWMI (CWMI 3.0) with the reference year 2018-19. In this exercise, NITI Aayog would appreciate your views/feedback on the existing KPIs and suggest modifications, if any, at the earliest, so that the same may be reviewed and incorporated prior to the commencement of CWMI 3.0. You are also requested to assign/appoint a State Nodal Officer for uploading of the state's data on the portal prescribed by NITI Aayog and act as the single point of contact for coordinating with NITI Aayog and Independent Validating Agency (IVA).

Report of CWMI 2.0 as well as State Profile of the participating states/UTs are enclosed herewith for understanding the position and performance of the state/UT in the previous years, the areas of improvement and the good practices adopted by the state/UT.

State Government, as primordial stakeholder in this exercise may please continue its contribution to CWMI 3.0 to keep up the sense of competitive spirit in water management in India.

With Regards,

Yours Sincerely,

(Avinash Mishra)

Principal Secretaries (Water Resources / Irrigation) of all States and UTs
