

PROPOSED WARD NAGAR PALIKA KUCHAMAN CITY - 2019

The map illustrates the proposed ward boundaries for Kuchaman City. The city is divided into 45 numbered wards, each color-coded for identification. The wards are distributed across the city, with some areas like Khariya Lake and the Stadium area being larger and less densely populated. The map also shows major roads, including the Bypass (Mega High Way) and the 132 KV HT Line, and various landmarks such as schools, a stadium, and a lake. Arrows indicate directions to surrounding areas like Budsu, Torda, Kuchaman, and Vill. Rampura. A signature and stamp are present at the bottom right of the map.
