

**Office Order**

The State Board vide Order dated 17.08.2023, had allowed setting up of continuous tyre pyrolysis units and conversion of existing units on batch process in the State with specific conditions mentioned therein. Subsequently, the same was modified by the State Board vide Order dated 23.11.2023, wherein it was decided that setting up of Continuous Tyre Pyrolysis Units would also be allowed in areas other than industrial areas if plot area on which units are being set up is more than 15,000 square meters.

In supersession of the State Board's Office Order dated 23.11.2023 regarding the plot area requirement for setting up continuous tyre pyrolysis plants, it has now been decided by the State Board that:

1. All new applications for Consent to Establish (CTE) for setting up continuous tyre pyrolysis units would be allowed only in designated industrial zones/areas.
2. No new CTE applications received after the issuance of this office order shall be considered by the State Board if the proposed plot is not located within a designated industrial zone/area.
3. All other stipulations and conditions outlined in the State Board's Office Order dated 17.08.2023 shall continue to be applicable to all new CTE applications for continuous tyre pyrolysis units.

This order shall come into force with immediate effect.
