Ministry of Youth Affairs & Sports
Department of Youth Affairs

Dated the 01st August 2024

Dear Chief Secretary,

I am happy to share with you that in the past 9 months, 15 million youth have registered on the MY Bharat portal. This digital platform connects youth with volunteering programs and experiential learning programs in different sectors. This would enable youth to engage with the community, to participate in developmental tasks and also develop leadership skills. Youth engage in these activities on purely voluntary basis and no remuneration is envisaged.

2. Many new features have been added to the portal now. A brief presentation in this regard is enclosed. You would agree that Government departments, Local Self-Government bodies and public sector undertakings run many programs of value to the community where youth have a major role to play. Such programs would allow youth to participate in initiatives that benefit the local community and can improve the abilities of youth at the same time. The portal now allocates an individual profile page to each youth. Programs taken up through the portal would be reflected on the profile page and can be exported to the CV builder. Hence you are requested to:

- (1) Identify programs to engage youth in activities beneficial to the community, in different sectors;
- (2) Appoint nodal officers for each such sector;
- (3) Develop outreach strategies to disseminate information about the potential of the MY Bharat platform among stakeholders so that maximum numbers of youth can utilise the services of the platform;
- (4) Develop promotional material for volunteers and Department officials for executing such programs.

3. I request you to please share with us at the earliest, details of the nodal officers in the given format for mapping them to the portal so that they can operate the webpage. In this connection, a VC meeting will be held on 7th August 2024 at 3.00 PM to discuss about the MY Bharat Portal and also the National Youth Festival 2025. A separate presentation on the National Youth Festival is also attached herewith. As all the events of National Youth Festival 2025 shall be hosted on the portal. A detailed PPT on the National Youth Festival is also enclosed.

Dear Ravikanthji,

I write to share with you that the MY Bharat portal has been launched as an institutional mechanism for use by anyone to improve their ability to build capacities of youth. The URL is <https://mybharat.gov.in>. The portal offers experiential learning activities and volunteering for community service which are standard tools for youth to improve their team-building, problem-solving and communication skills. Institutions that onboard on the portal, will get a dedicated web page to create digital versions of any youth engagement events they may wish to organise.

2. This platform can be used to generate experiential learning opportunities for young users in making maps by using Geographical Information Systems (GIS) tools. Youth who avail of such training, could then volunteer to assist Government to make GIS based maps. Such youth who complete experiential learning programs on MY Bharat portal, can get a certificate via the platform that is reflected in their individual profile page.

3. A concept note on training youth in the use of GIS tools to make maps is enclosed. We feel that experiential learning for youth in making maps can help the Government in digitizing maps and geo-referencing maps in your state.

4. In case this interests you, do let us know what kind of support is required and what are your plans in this regard.

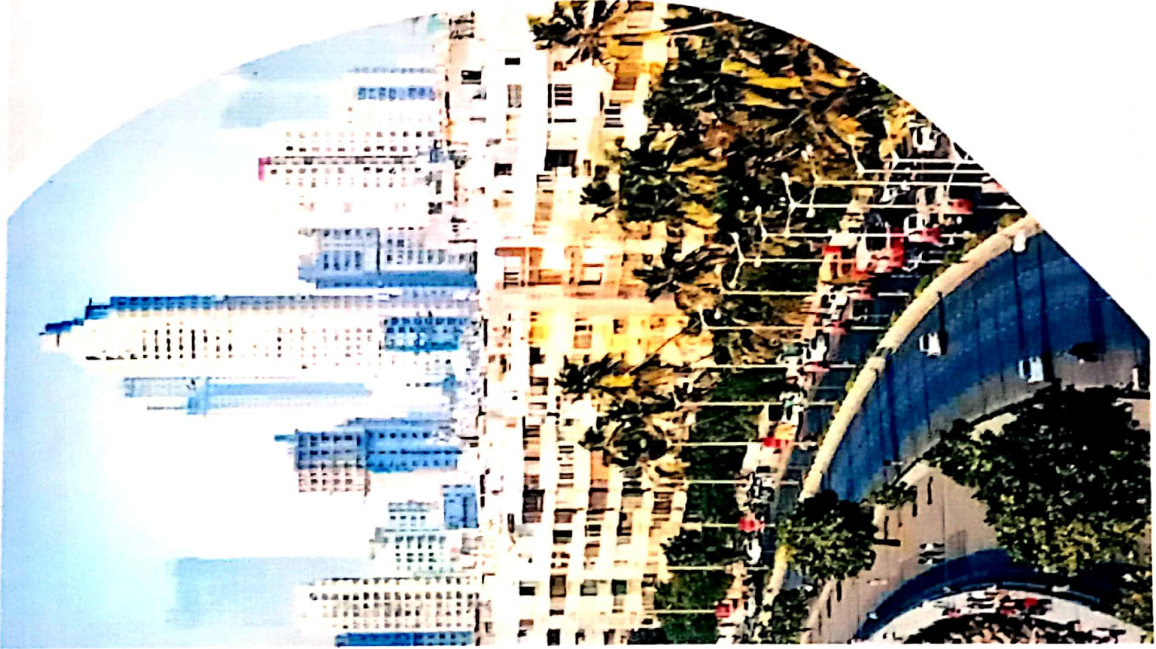

5. For any query or support, DoYA may be approached at the number: 011-23381265.
