- (vii) records of previous social audit reports, if any, took place earlier.

- (6) The social audit committee shall conduct meetings and focus on group discussions with the representatives of street vendors on various aspects of implementation of the Act and the scheme.
- (7) The social audit committee shall note down the grievances of street vendors in writing on the specific difficulties faced by them in the course of street vending.
- (8) At the conclusion of social audit, the committee shall record its findings in writing.
- (9) The social audit committee shall invite public participation by issuing public notice and holding a general meeting of the people including street vendors. The representatives of the local authority as well as members of the Town Vending Committee shall also attend that meeting and afford clarifications or explain factual position on the issues raised in the said meeting. Any gaps or lapses, in the implementation of law on street vending, brought to light in the meeting shall be noted by the member secretary of the Town Vending Committee and initiate correctives measures through the chairperson of the Town Vending Committee and if necessary through the authority concerned in the local authority. The Town Vending Committee and the local authority shall respond effectively to the desired corrective measures and immediate action to be taken to remedy the short comings. Action taken report shall be part of the record and shall be made public on the website of the local authority and other public information channels.

CHAPTER-VIII

Miscellaneous

22. Conditions under which private places may be designated as restriction free vending zones, restricted vending zones or no vending zones.- The local authority may consider the possibility of categorising and declaring,-

- (a) as restriction free vending zone;
- (b) restricted vending zone; or
- (c) no vending zone,

on private land by reaching an arrangement with the title holders of such private lands and allowing street vending on the ground floor area of the place whenever constructions are raised in the plot of land earlier being used by the street vendors when the same was lying vacant.

23. Maintenance of public health and hygiene by the street vendors.- (1) The local authority shall specify the place where the street vendors shall discard their waste materials.

- (2) (i) The street vendors shall keep covered dustbins for disposing off waste materials generated by their vending activities; and
- (ii) The water used and rendered waste shall be kept in a covered container which may be discharged at a place specified by the local authority.
- (3) The local authority shall explore the possibility of providing,-
- (i) clean drinking water and street light facility at suitable points;
- (ii) facility of toilets and urinals at selected places where foot fall is high;
- and make suitable arrangement therefor wherever feasible.
- (4) every street vendor shall keep a vending service record book in a format approved by the Town Vending Committee which may be kept ready for inspection notes by the staff of Town Vending Committee or local authority which may be record of his performance (praise worthy or liable for penalty).
- (5) It shall be the duty and an essential part of condition of street vending that the street vendors keeps the place of vending clean in a hygienic environment and he shall not throw waste materials or liquids including water on the street or other place of vending.

24. State Level Nodal Officer for coordinating all matters relating to street vending.-

The State Government shall by order designate an officer of the Local Self Government Department not below the rank of the Additional Director to be the Nodal Officer who shall convene half yearly meeting with the officers concerned of the local authority to get himself acquainted with the various issues pertaining to street vendors about problem faced by them and report the matter to the State Government for remedial measures.

25. Maintenance of record of street vendors by Town Vending Committee, local authority, planning authority and the State Nodal Officer.- (1) The State Government shall endeavor to develop and install an online software for keeping the record of street vendors. Till such time the system is not developed, the record may be maintained manually as provided under the rules.

- (2) The local authority may be encouraged and assisted to enter data in the said on line software.
- (3) Hard copies of such record may be kept by the Town Vending Committee and the local authority.
- (4) Planning authority may keep such data based on online software or information sought from the local authority for the purpose of future planning of the respective areas.

(5) The State Nodal Officer shall also keep necessary data at hand with him while convening half yearly meetings.

26. Vending on time sharing basis.- (1) Granting space for vending on time sharing basis, depending upon market needs, may be considered by the Town Vending Committee after seeking prior approval of the local authority.

(2) While making time sharing arrangement for granting certificate of vending for limited period, proper guidelines may be framed by the Town Vending Committee that the place/space is vacated/cleaned by the former vendor before the commencement of timings of the later vendor.

27. Principle for determining vending zones.- (1) An intensity of foot fall, road width and density of vehicular traffic and pedestrian movement shall be basis of deciding vending and no-vending zones.

(2) there shall be no totally restriction free vending zone in the City/Town and similarly no vending zones may be minimal.

(3) the local authority shall decide no vending zones and vending zones keeping in view the following:-

(a) there shall be no restriction free vending zone in the City/Town. The holding capacity of the area would be the ultimate limit on the number of street vendors which can be positioned or allowed to operate in the area;

(b) restricted vending zones need to be linked up with road width, keeping in view following aspects, namely:-

(i) there shall be no stationary street vending on a road having width up to nine meters:

Provided that such street vending may be allowed, if road is declared as one way vehicular road.

(ii) there shall be only one side stationary vending on road having width between twelve to twenty four meters;

(iii) both side stationary vending may be allowed on road having width of thirty meters or above;

(iv) the number of stationary street vendors to be accommodated in any designated vending area on the roads shall be decided by taking into consideration the holding capacity of a vending area or road.

(v) due regard shall be paid to the smooth vehicular traffic and pedestrian movement while allowing stationary street vending on any road and due

clearance may be taken from police before allowing stationary vending on roads; and

(vi) mobile vending on streets and roads may be allowed keeping in view the traffic and pedestrian movement.

(c) the Town Vending Committee, while declaring no vending zones, may consider,-

(i) declaring no vending zones within twenty meters from,-

(a) crossing of two or more roads on all sides;

(b) both sides of railways crossing;

(c) declared heritage sites;

(ii) the Town Vending Committee may decide a distance to be kept free from stationary as well as mobile vending near the important institutions, like the State Government Secretariat, High Court, District Collectorate, District and Sessions Courts, Zila Parishad, Municipal Corporation/Council /Board offices of the State or Central Government or sites held by the Archeological Survey of India/archeological sites and Monuments etc. declared by the State Government.

28. Principles for determining holding capacity of vending zones and the manner of undertaking comprehensive census and survey.- (1) Two and a half percent of the population of the ward or zone or town or city, as the case may be, in accordance with plan for street vending shall be regarded as the holding capacity for accommodating the street vendors.

(2) The holding capacity of vending zone will be according to the vending site divided by total area of the vending area.

29. Principles of relocation.- Following principles are to be followed in the matters of relocation of street vendor:-

(a) relocation may be resorted to only in exceptional situations when it is necessitated by exigencies of public purpose warranting use of location or place for projects of public purposes to which provisions of clause 17 shall be applicable.

(b) effected vendors shall be relocated at place or site at least to restore them to pre-evicted opportunities created by the infrastructure development projects at the site from which they were displaced and efforts should be made to accommodate the displaced vendors at the newly built up infrastructure to enable them to use the livelihood opportunities created by the new infrastructure and such place is declared as a vending zone by the Town Vending Committee/ local authority. Till such time,

the new infrastructure is fully operational; they can be accommodated at some other suitable site where foot fall is similar to that from where they were displaced.

(c) it may be ensured that loss of assets of the vendor are minimal in the process of relocation.
