Superintending Engineer (IV)

Plan No. and Title: 3183-IND, Rajasthan Urban Sector Development Program

Invitation No.: BID No RUSDP/CB/02

Contract Package No. and Name: RUSDP/Pali/01; Construction of Work of Water Supply Distribution Network Improvement with house service connections for Non Revenue Water reduction and continuous water supply and providing Sewer Network with house connections, construction of Sewage Treatment Plant & allied works and Operation services of the entire system for 10 years at Pali

Clarification to the Bidder's Queries – Lot 2

Bidder No. 1

| S.No. | Query | RUIDP Response |
|-------|--|---|
| 1 | Under the head construction experience in key activities you have asked a bidder to have experience in "construction & commissioning of continuously pressurized urban water distribution network improvement on District Metering Area (DMA) basis". In this connection kindly clarify the following :- | |
| 2 | Continuously pressurized Urban Water Distribution Network: In none of the cities in Rajasthan and neighboring states 24 hrs Water Supply System is being planned & maintained. This means the distribution pipe lines are not pressurize continuously. Although, daily water supply to the required level is maintained. Kindly clarify whether experience of such pipe lines will be acceptable against this PQ criteria. | Please refer qualification requirement provided in bid document and subsequent addendum 1 to the bid document vide which qualification requirement are modified. Qualification requirement included in the bid document are clear. |
| 3 | District Metering Area (DMA): In many of the Urban towns zoning has been done and water supply of that zone is being done by a centrally located ESRs. Metering is being done at ESR level there. Kindly clarify the term DMA and confirm if experience in execution of such Urban Scheme will be acceptable against this PQ criteria. | Please refer qualification requirement provided in bid document and subsequent addendum 1 to the bid document vide which qualification requirement are modified. Bidder should meet the qualification criteria as provided in the bid document. |
| 3 | House service connections :- The house service connections are generally being done by PHED on the distribution networks laid by us. Kindly confirm if this would suffice the PQ Eligibility Criteria requirement. | Please refer qualification requirement provided in bid document and subsequent addendum 1 to the bid document vide which qualification requirement are modified. Bidder should meet the qualification criteria as provided in the bid document. |

Bidder No. 2:

| Sr. No. | Tender Reference | Tender Stipulation | Proposed Change | RUIDP Response |
|---------|---|--|---|---|
| 1 | Knife Gate Valves Vol No. 3-Bid Document Clause | MOC of Knife Gate Valve mentioned in specs does not confirm to any standard. | In absence of Indian Standard we look for guidance from CPHEO Manual. Since CPHEO Manual is also silent we request you to stipulate | No amendment to the specification. Bid document provisions prevail. |

| | | | |
|------------|---|--|--|
| No. 1.1.24 | However appearing in your B.S.R. Item No. 18.11 Page No. 104 regarding M.O.C. | 'AWWA C-520 Standard valid for sewerage application. Please correct the M.O.C. from ASTM -A- 743 Type 304 to ASTM-A-240 Type 304 | |
| 2 | Open channel Gates Vol No. 3-Bid Document | Open Channel Gate specification is missing in the Tender | In absence of Indian Standard and any guidance from Manual, as pioneer manufacturer and exporter for last 60 years, we propose adoption of AWWA C-560 for C.I. Open Channel Gate, C-561 for S.S. (Fabricated) Open Channel Gate, C-562 for Aluminum Fabricated Gates. For Sewerage application with inconsistent characteristics, we propose Aluminum Gate of Grade 606 TT6, used in Dozens of projects in India. |
| 3 | Mechanical fine screen Vol No. 3-Bid Document Clause 1.1.3. | Rake type mechanical fine bar screens are specified which obsolete design, is not in line with your B.S.R. stipulation. | As Pioneer manufacturers and exporters of Fine and Coarse Screens in India, we propose " step type mechanical fine bar screens with self cleaning mechanism containing movable bars located in between fixed bars without engagement of external mechanism I rake mechanism for pulling out the screened material". 36 Nos of such screens are in use at RUIDP and still working at Delavas I and II for past 10-12 years. We enclose herewith PROVEN specifications adopted by RUIDP to incorporate same in absence of any national and international standard , and same is not our patented design. |

Bidder No. 3:

| S.No. | Query | RUIDP Response |
|-------|---|---|
| 1 | We would request RUIDP to make relaxation in the qualification condition with regard to volume of completed works, to allow participation of Indian companies which understands the local market conditions much better and also are far more cost competitive. | Qualification requirement as per bid document prevail. Also refer addendum 1 vide which qualification requirements are modified. |
| 2 | We request you to consider our request for modification in qualification criteria of reducing the experience in completed or substantially completed water supply work from 120 Cr to INR 100 Crores. | Qualification requirement as per bid document provisions prevail. Also refer addendum 1 vide which qualification requirements are modified. |

Bidder No. 4:

| Sl.No | Volume | Clause No. | Page No. | Topic | Bidders Query | RUIDP Clarification |
|-------|---------------------|-------------|----------|--------------------------------------|--|--|
| 1. | Vol-1 Tech Bid | 2.4.2 (iv) | - | MOA for Prequalification Requirement | (iv) Experience in Construction, Commissioning and O& M for a period of minimum one year of SBR/MBBR based Sewage Treatment Plant (STP) for a minimum capacity of 5 MLD (Could be met by sub contractor. A Memorandum of Agreement (MOA) with sub contractor is required to be submitted with the bid). <i>In the Qualification criteria, it has been asked to submit MOA with subcontractor. Format for the MOA is not provided in the tender document. Please provide the same.</i> | Format for the MOA is provided with the clarification (Annexure 1). |
| 2. | BOQ | Item No.506 | - | LDPE Sheet | <i>In the BOQ, The thickness of LDPE Sheet is not provided. Please confirm the same.</i> | Thickness of LDPE Sheet shall be 250 micron as per the IS specifications. Item No.506 of BoQ includes supply of LDPE film. |
| 3. | BOQ | Item No.520 | - | Weather Proof Feeder Pillar Box | <i>In the BOQ, the quantity for the same is not provided in the tender document, kindly confirm.</i> | Quantity of weather Proof Feeder Pillar Box is one (1) |
| 4. | Vol-1 Technical Bid | IV. CRMC | 65 | Hard Ware / Software | <i>In Consumer Relation Management (CRMC) & Central Control centre (CCC) it is mentioned as 'The CRMC and CCC shall be equipped with sufficient human resources, hardware and software to facilitate continuous Record of consumer requests, monitoring the resolution, and reporting completion of necessary actions and tasks'.</i> | <i>One new item of " Water Infrastructure Integrated Management System (WIIIMS) with Web based GIS application" has been included in the BoQ. All the required softwares and hardwares, computer etc are part of Operation service management and will be provided by the contractor.
